

TMX *NEW* Annular Cutters

Reduced Breakage...
Improved Operator
Safety...Less Time
in the Cut

TOOLMEX
Industrial Solutions

Feature	Benefits
Fully Ground Flutes	Better Chip ejection
ID Taper	Clearance for improved slug ejection
Alternating end tooth geometry on even flute cutters	More aggressive in the cut, can operate up to 15% faster
Thinner wall construction	Reduces the amount of material being removed which decreases the thrust of the cutter resulting in closer to size hole with less horsepower
CNC manufacturing technology	Consistent cutter geometry – cutter to cutter
Metallurgical testing	Ensures reliability of our proprietary Molybdenum M-2 steel
Margin on cutting diameter	Reduced rubbing in the cut results in less heat, better hole size and surface finish

5 Piece Set

Dia	1" depth of Cut	Number of Flutes	Retail Price
9/16, 11/16, 13/16, 15/16 and 1-1/16	5-530-501	--	177.50

Annular Cutter Holders

- For 1" depth of cutter Annular Cutters
- Straight, R8 or MT Shank
- Holder shank allows different machines to drive cutter
- Easily reaches out of the way places
- Select adapter lengths reduce the number of machine set ups

Ejector Pilots

Part Number	Description	Retail Price
5-530-903	Ejector- Pilot, Short for 7/16" diameter cutter x 1" cutter depths	5.09
5-530-905	Ejector- Pilot, Short for all 1" cutter depths except 7/16" dia.	5.09
5-530-913	Ejector- Pilot, Long for 7/16" diameter cutter x 2" cutter depths	5.45
5-530-915	Ejector- Pilot, Long for all 2" cutter depths except 7/16" dia.	5.45
5-530-925	Ejector- Pilot, Extra-Long for all 3" cutter depths	12.73
